# RUSSIANS OCCUPY WHOLE DISTRICT OF LAKE VAN

### Turks Abandon Bitlis and Retire Southward.

### Trebizond Threatened--British Win In East Africa.

(By Times Special Cable.)

London, Feb. 21, 230 pm.—The Russians have occupied the entire Lake Van district, the Turks retiring southward, and even evacuating Billis, according to a Petrograd despatch received in Rome and given out here by the wireless press.

On the other wing, according to the Despatch, the Russian advance guards have arrived within a short distance of Trebisond, on the Black Sea coast.

London, Peb. 21.—An engagement in Bast Africa, resulting in the regulae of the attacking German force, is reported in an official statement given out here to-day, as follows:

"General Smuts states that on Peb. 16 as enemy force of four Europeans and 200 native soldiers attacked the post of Kachumbe, on the Uganda border, 15 miles north, northwest of Kyaka. The strength of our post was two Europeans and about 35 native soldiers.

"The enemy were driven off with a loss of four Europeans, 53 natives, to machine gun complete, 45 rifles and a quantity of ammunition. Our casualties were fil."

Highest Medical Authority in the World

HE Prohibitionists are very fond of asserting that all great physicians are united in opposing the use of alcoholic beverages. In view of this it may not be out of place to state that there appeared recently in the London "Laneet" the following manifesto put forth by a large number of the most prominent members of the medical profession in the United Kingdom, including Dr. F. McCall, Regius Professor of Medicine in the University of Glasgow; Sir James Orighton-Browne; Sir Dyce Duckworth; Sir Thomas Fraser; Sir W. Gowers, and Sir W. Bennett.

The rigor the statements frequencity ands as to this present medical against regarding alcoholic bevirages, we, the undersigned, think, it desirable to issue the following about statement, which we believe represents the opinions of the leading clinical teachers as well as the great majority of medical practitioners.

"Recogniting that in presenting alcohol, the requirements of the individual must be the governing rule, we are coavined of the correctness of the opinion so long and generally held, that in disease sloods is a rapid and trustrowthy restorative.
